

Staying open so your customers can order meals for pickup is challenging and, at the same time, a gift to the community.

We want to make it easier for you to sell your special menus to your customers.

We've built a custom solution so your customers can order their meals online and you control the process.

- **No commission on sales! You keep all the revenue**
- Reduce telephone ordering time.
- Reduce errors
- Automatic store open and close and orders per hour limits
- Secure credit card processing deposits sales in your account in 2 business days
- Listing in the online RocklandEats directory (coming soon).
- Your customers are yours alone

We've built a custom website solution so each participating restaurant can have its own online ordering page. For a fixed monthly rate of \$200, you can have an online ordering page where your customers can order their food and you get notified by email automatically.

You can read more about it here: <https://rocklandeats.com/>

We've described the business functions and the technology behind it all.

This is a new concept, conceived and built by a New City-based company, to allow restaurants to offer online food ordering at a very reasonable cost. As more restaurants sign up for RocklandEats.com, the directory of restaurants will make it easy for customers to order from you.

You can call 845-694-7734 to talk about it or sign up now for your custom online ordering page here: <https://rocklandeats.com/>

We wish you good health and appreciate the opportunity to work with you to help our community.
